

Terroir de ZINIO Visit

ZINIO
B O D E G A S

It is in the vineyard where our Terroir de ZINIO project was born.

The perfect union of stony, limestone and clayey soils with the vineyard, to allow us to create diverse, complex wines that are faithful to this land. And this is where this experience begins: in the field. We will enjoy an aperitif in the open air and then we will delve into the different winemaking processes to end with a tasting of the five exceptional wines that make up the ZINIO Terroir range.

Schedule

From Monday to Friday at 12h
(Consult other schedules for groups)
